

DKR AGRICULTURAL SERVICES

CORONAVIRUS COVID-19 RESTRICTIONS

Please be aware that due to Coronavirus our stores area is now closed. We now only accept phone orders, and these can be collected from a designated area. To protect our staff and customers, there will be no human contact with any member of the stores department.

The Sales Department are no longer onsite. They are working remotely.

The workshop if required to work on the farm can only do so with the understanding that there can be no human contact whilst in attendance.

To protect our staff and customers we are making sure our workforce distance themselves from each other and the customer, therefore we do not have the same number of staff in daily attendance and it may take us a little longer to deal with our workload. We appreciate your patience and understanding at this difficult time and hope you all stay well.
